The district will comply with provisions of federal law regarding student records requirements as applicable in the district's use of camera footage and video recordings. Camera footage and video recordings considered for retention as part of a student's behavioral record will be maintained in accordance with established student record policies and procedures governing access, review, and release of student records.

The district will include a notice in the student handbook that cameras and video cameras may be used on school vehicles transporting students to and from school or extracurricular activities. Students will not be notified when a video camera is on board and in use on a district vehicle.
